## 100 pets - Wealth Of Pride

He can move easily  
when all others lie still he is free  
to look far beyond where he stands  
when time stops for him he is found  
Wealth of pride comes to his side again

I feel so serene  
when time stops for him it can stop for me  
I'll remember this night because I have seen  
to learn once again patience I must find  
Wealth of pride, comes to his side again
