## 2 Pac - Strictly 4 My Niggaz

Tupac speaking]

Yo Law!

Is it cool if a nigga just get fucked up for this one?

Yeah

Mr. Fuck-a-cop is back  
and I still dont't give a fuck  
you know what I'm sayin?

[Tupac]

I was framed  
so don't make the same mistake, nigga  
You gotta learn how to shake the snakes, nigga  
cause the police love to break a nigga  
send em upstate cause they straight-up hate the niggas  
So what I do is get a crew of zoo niggas  
Straight fools into rules and do niggas  
and one time had enough of me  
I'm still raw so the law can't fuck with me  
They wanna send me to the pen, punk picture that  
I stay strapped muthafuckas better get your gat  
It ain't easy bein me I can't take it  
life as a celebrity ain't everything they make it  
and ever since the movies  
ho's try to do me  
if they can't screw me  
they find a way to sue me  
Now can you picture me coolin at a night club  
somethin for love, but muthafuckas want a ?beamer?  
Since I wear a lot of gold  
they plot  
Don't no what I got if ya stop  
with the hot ones  
And all yeah, I wanna feel guilty  
but you punk muthafuckas tried to milk me  
You'll get stacked behind the hill  
with my phone or my pager  
Just beat me while I cut you with my razor  
I'm not violent, I'm petrified and nervous  
I got no mercy for these niggas try'n to serve us  
But if you catch me outta pocket, then I'm got  
You love to shoot a nigga but you scared to pop a cop  
Now drop

(Chorus)

---

Reflected and disrespected  
why so rejected ?  
our just another rapper  
who swears he's makin records  
That's what the'd said  
whenever I would walk by  
I never tripped, though  
always kept my head up high  
Eventually, I knew that I would find my way  
After the darkest night always comes a brighter day  
And some will say  
that turned away is all you'll get  
I just say "bet"  
and never let em see me sweat  
cause in the end  
I knew that I would have it all  
while non-believers were prayin for my downfall  
and some would call and tell me that they wish me well  
but in my heart, I'm knowin that they wish me hell  
Yo get a real job. Rappin doesn't pay the rent  
I hate the studio cause that's where all my money went  
Never surrender, it's all about the faith you got  
don't ever stop, just push it til you hit the top  
and if you drop, at least you know you gave your all  
be true to you, and that way you can never fall  
But beware, these backstabbers ain't no joke  
just like a rope, they hang on you until you're broke  
and when you're broke, they move onto the next dope  
and there you are, can't even pay your car, nope  
and when you reminisce thinkin how you got dissed  
remember how it fealt and do remember this  
Be true to you  
for me that there's no one bigger  
cause they can all suck dick  
Cause strictly 4 my niggaz

(Chorus)

This is for the critics if you live up  
pick up my shit or I'll be back doin stickups  
I better see five stars next to my picture  
If not, Tupac will cop the glock and come knockin and getcha  
I told you once muthafucka hold the nut  
Play me like a butt and you'll be bleedin when you're fucked  
Niggas know what's up but they be try'n to hold me down  
I'm comin outta Oaktown, bitch fuck around  
And it ain't where you from that makes you hardcore  
nigga it's the way you throw the ?fangs? in the war  
And to the marks that be talkin all that shit

screamin out the next nigga's name like a bitch  
and the niggas that I ran into recently  
the muthafuckas at the club that pulled the piece on me  
You little bitches should've pulled the fuckin trigga  
Now you live in fear of a heartless ass nigga  
?Mr. Trump?  
Niggas tried to play me with the gat  
but like Terminator, nigga, I'll be back  
and I'll be back with a fuckin army  
you tried to harm me [Bring me along G]  
Cause most muthafuckas try to act up without they're backup,  
when they get jacked up they crack up  
It's strictly 4 my niggaz at the show  
so they know not to play me like a ho  
Strictly 4 my...

(Chorus repeated till end)
