2 Pac - Holla If You Hear Me

Oh, Yeah...

I Get Around...

Still clownin' with the Underground

where we come around

Stronger than ever...

Back to get freck,

All respect to those who break their neck

To keep their hos in check

'Cuz, oh, they sweat up brother majorly

And I don't know why your girl keeps paging me.

She tell me that she needs me

Cries when she leaves me

And every time she sees me she squeez me.

Lady take it easy...

Hate to sound sleazy, but tease me,

I don't want it if it's that easy.

And yo bus' it, baby got a problem saying bye bye

Just another hazard of a fly guy.

You ask why... don't matter

My pockets got fatter,

now everybody's looking for the ladder.

And ain't no need in be greedy,

If you wanna see me

try a beeper number baby when you need me.

And I'll be there in a jiffy..

Don't be picky. Just be happy with this quicky...

But when you learn, you can't tie me down

Baby doll... check it out...

I get around..

(Round and round)

The Underground just don't stop for hos

I get around.

Hey yo Shock, let them hos know...

Now you can tell from my everyday fits, I ain't rich

So cease and desist with them tricks (Tricks)

I'm just another black man caught up in the mix (Mix)

Trying to make a dollar out of fifteen cents.

(A dime and a nickel)

Just 'cuz I'm a freak

don't mean that we could hit the sheets

Baby, I can see that you don't
