## 10,000 Maniacs - Earth Pressed Flat

Detroit, L.A., Boston, San Francisco,  
first time over the ocean on a plane  
a billion stars below me lay,  
circle slowly JFK,  
so much there to see inside of a week  
they came looking for something new  
try to press it flat inside of a few days  
Old Dominion Saturday, Arlingtons eternal flame  
Sunday tour Niagara Falls in the mist.  
Monday Ill be heading south  
New Orleans the Cajun sound  
Tuesdays Tupelo Elviss home . . .  
try to press it flat inside of a few days  
what a wonderful stay,  
on a mule Grand Canyon ride on Wednesday,  
hope to get to Denver in a day Friday  
ride to Washington, in the glacial mountain sun  
hop a train for Canada to the east  
they came looking for something new  
try to press it flat inside of a few days  
what a wonderful stay.
