112 - Dont Hate Me

[Chorus]

Don't be mad if yo girl wants to leave with me
It's not my fault yo girl is really feelin' me
I didn't even know she had a man
She said she didn't have a man
She said she didn't want a man
So don't hate me
[REPEAT]

[Q]

It's a shame, but this game baby
I got it in me, ain't no lame when it comes to women
I'm all up in 'em
Sing a song, take 'em home, make 'em moan, then I'm gone
It's really just a game to me

It's a rule I shouldn't have to play
I see the same things everyday
Do her wrong she's gonna play
I guess that's why she's callin' me - callin' me
If she's yo girl she wasn't yesterday - yesterday - yesterday
Don't be mad

[Hook]

[Slim]

How in the hell do you have the audacity
Runnin' up on me tryin' to talk to me
Checkin' me
When you need to be checkin' yourself clown
Keepin' yo girl from schoolin' around
You call yourself a playa tell me how that sound
When yo girl is feignin' for me and she wanna be down

It's a rule I shouldn't have to play
I see the same things everyday
Do her wrong she's gonna play
I guess that's why she's callin' me - callin' me
If she's yo girl she wasn't yesterday - yesterday - yesterday
You can't be mad

[Hook]

[Twista]

Girl never seen a dude this down and dirty
Thuggin' but he thought handle business but he not
Plenty women always wanna hold him just cause he rollin'
