## 182 Blink - Time To Break Up

I guess it's only the men  
who get fucked now and again  
we take our chicks to the mall  
we wait in parking stalls

and when we come home too late  
shes pissed that she had to wait  
and my excuse not to call  
it never worked at all

time to wake up  
where's your daughter?  
hurt's to break up  
she was stronger  
all my friends say  
please don't love her  
what did i gain? now  
i miss her so

i used to hate the lipstick  
it stained and tasted so sick  
the pantyhose and the bras  
she threw on my guitars

Shit Fuck I made a mistake  
i thought i needed a break  
the truth is i'm such a dick  
it's broke and can't be fixed.

time to wake up  
where's your daughter?  
hurt's to break up  
she was stronger  
all my friends say  
please don't love her  
what did i gain? now,  
i miss her so

if you wanna call it a heartache  
then i shouldn't regret those things  
i miss her  
If you want the pain to go away  
better suck up your pride and admit  
you lost her  
let her go  
move on  
let her go
