

## 100 Demons - Forsaken

you know who i love - nobody  
you know who i trust - nobody  
you know who i fear - nobody  
i prayed a thousand times  
he never answered me  
do you think i've sinned  
in the eyes of the lord  
he never did shit for me  
i stand alone in this world  
trust and faith  
so long forgotten  
you and i  
we are forsaken  
just fucking kill me

put me out of this pain
